Programme Structure

A. Programme Information

The JSSAHERM MBBS programme is based on the **CBME (Competency Based Medical Education)** as proposed by the Medical Council of India and followed by JSS AHER, Mysuru, the parent institution of JSSAHERM. The programme is designed to produce competent, compassionate, and committed medical professionals ready to serve in Mauritius and beyond.

The programme runs over a total period of **5 years**, structured across three distinct professional phases, each building upon the knowledge and clinical competencies developed in the previous stage.

Professional I — Pre-Clinical (I MBBS)

2 SEMESTERS

YEAR 1

The Pre-Clinical phase lays the foundational scientific and communicative groundwork essential for all subsequent medical training. Students are introduced to the core biomedical sciences alongside community health and language skills relevant to the Mauritian context.

Anatomy

Comprehensive study of the human body's structure, including gross anatomy, histology, and embryology.

Physiology

Understanding the normal functions of the human body and its organ systems.

Biochemistry

Molecular and chemical processes underlying biological functions and metabolism.

Communication Skills

Including French and Kreol Morisien to ensure effective patient communication in the local context.

Intro to Community Medicine

An early introduction to public health principles and community-based healthcare delivery.

Professional II — Para-Clinical (II MBBS)

3 SEMESTERS

1.5 YEARS

The Para-Clinical phase bridges foundational science with clinical application. Students engage with disease mechanisms, pharmacological interventions, and begin active clinical postings across a wide range of specialties.

Core Subjects

Pharmacology

Drug mechanisms, therapeutics, and clinical pharmacology.

Microbiology

Infectious agents, immunology, and laboratory diagnostics.

Pathology

Disease processes at cellular and systemic levels.

Forensic Medicine & Toxicology

Medico-legal aspects and toxic substance management.

Clinical Postings

- Ophthalmology
- Otorhinolaryngology (ENT)
- Paediatrics
- Orthopaedics
- General Medicine
- Dermatology, Venereology & Leprosy
- Obstetrics & Gynaecology
- General Surgery
- Anaesthesiology

i Introduction to clinical subjects including Community Medicine is also integrated throughout this phase.

F. Fee Structure & Breakdown

All fees are quoted in **USD**. The following table outlines the annual and one-off charges applicable to students enrolled in the MBBS programme at JSSAHERM.

Fee Type	Amount (USD)	Frequency	Refundable?
Tuition Fees	12,000	Per Annum	Non-refundable
Registration Fees	500	Per Annum	Non-refundable
Examination Fee	250	Per Annum	Non-refundable
Accommodation Charges	1,200	Per Annum	Non-refundable
Food Charges	1,000	Per Annum	Non-refundable
Caution Deposit	1,000	One Off	Refundable

\$12K

Annual Tuition

Core academic fee per year

\$2.45K

Annual Living Costs

Accommodation and food combined

\$1K

Caution Deposit

One-off refundable payment

Refund Policy

A refund of **50% of the full semester tuition fees paid** is considered for eligible students who apply within the stipulated timeframe.

Students may be eligible for a partial refund under the following circumstances:

Wrong Choice

Students who, for some reason, have made the wrong choice of programme and wish to withdraw.

Unable to Cope

Students who realise they are unable to cope with the demanding regime of higher medical studies.

Acceptable Grounds

Withdrawal on medical, family, or other acceptable grounds as determined by the Management.

⚠ Applications for refund must be submitted to the Management **within the first thirty (30) working days** of the start of the programme. Late applications will not be considered.

G. Programme Mode and Duration

Delivery Details

Delivery Mode

Full Time

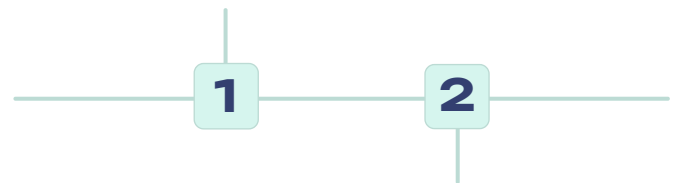

Delivery Type

Face-to-face contact

Programme Timeline

Minimum Duration

5 Years · 10 Semesters

Maximum Duration

8 Years · 16 Semesters

6355

Contact Hours

Total scheduled teaching and clinical contact hours across the full programme

10

Min. Semesters

Minimum number of semesters required to complete the programme

16

Max. Semesters

Maximum number of semesters permitted for programme completion

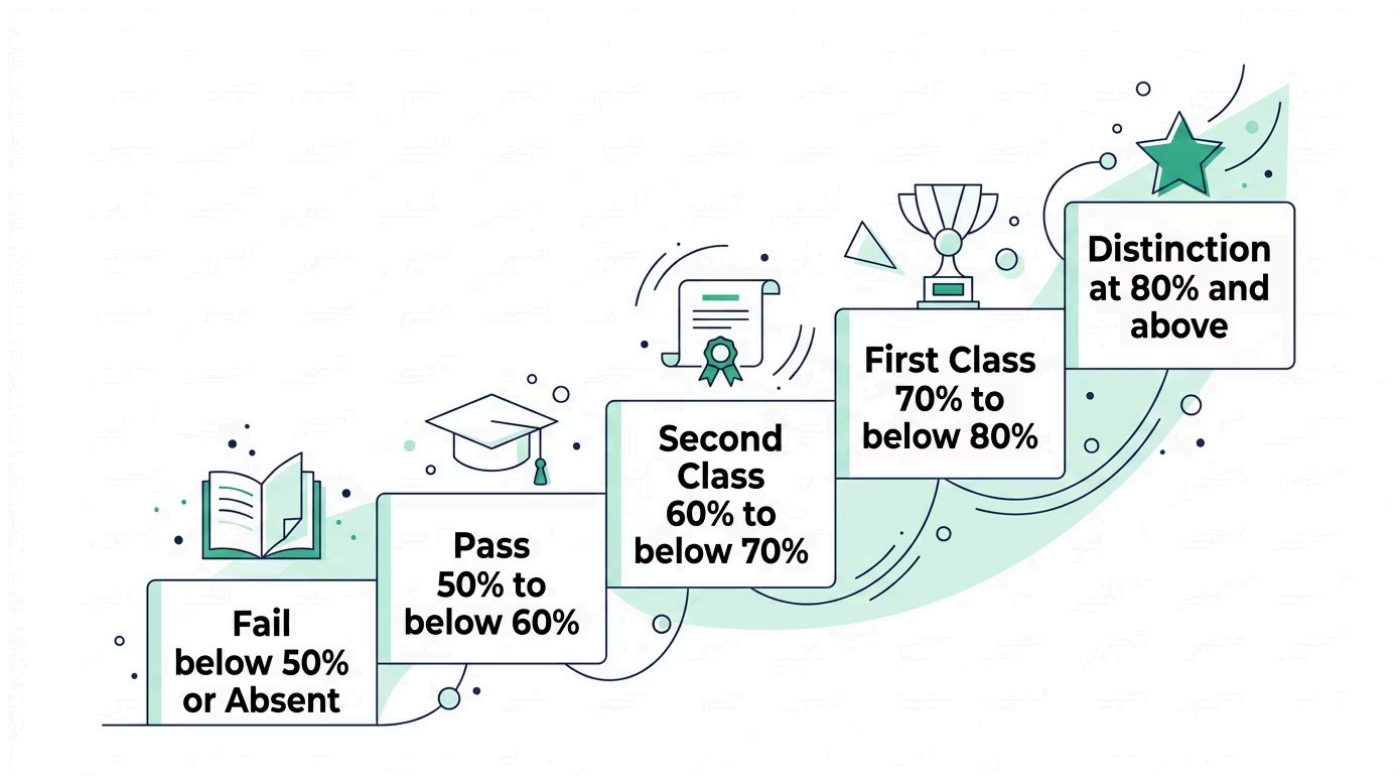

5-8

Years Duration

Flexible duration to accommodate diverse student progression pathways

M. Award Classification

The final award classification for the MBBS degree at JSSAHERM is determined by the student's overall percentage marks across all assessed components of the programme. The classification bands are as follows:

Classification	Overall Marks (x) %
Distinction	$x \geq 80\%$
1st Class	$70\% \leq x < 80\%$
2nd Class	$60\% \leq x < 70\%$
Pass	$50\% \leq x < 60\%$
Fail	$x < 50\%$ or Absent

- i** Students must achieve a minimum of **50%** overall to be awarded a Pass classification. Absence from examinations is treated equivalently to a Fail result.
